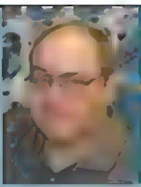
HERE COMES SUMMER



EDITOR'S note

By the time this issue arrives at your local comic shop, it'll be just a week or so before *Free Comic Book Day 2012*. We hope you've made your plans to visit your friendly neighborhood comic shop this May 5th, and that you make it a day not only for you, but the whole family. Bring your younger siblings or nieces or nephews; bring your uncle, grandma, work buddies… there's something for everybody on Free Comic Book Day! And who doesn't like FREE stuff?! Am I right?

This also means that the unofficial start of summer is underway with the first big blockbuster movie of the summer. Namely: *THE AVENGERS*! I know you're as equally super-psyched to check out this culmination of 5 or 6 years of Marvel movies… all leading to the ultimate team-up of Marvel's greatest heroes! Now if we could just rescue the X-Men, the FF and Spidey from their wacky studio contracts… well, one step at a time True Believers.

It's no accident that I mention The Avengers right here, 'cause this issue is our dedicated "Movie Month" issue, highlighting great comics and graphic novels that either became movies, or are based on movies. We got plenty of great reads for you to check out in this issue, just look for the Movie Month logo!

MOVIE MONTH

We've also got a short interview with Jason Kingsley, the owner and CEO of Rebellion, publishers of *Judge Dredd Megazine* and *2000AD*. He's also acting as a co-Executive Producer on *DREDD*, the upcoming movie adaptation of Judge Dredd starring Karl Urban as the granite-faced lawman of MegaCity One!

So as you make your plans for your summer vacation, be it a weekend at the beach or a trip abroad, be sure to take ***PREVIEWS*** along; page-for-page one of the best time-killers around!
Your Pal @ ***PREVIEWS***,

Marty

INDIE EDGE

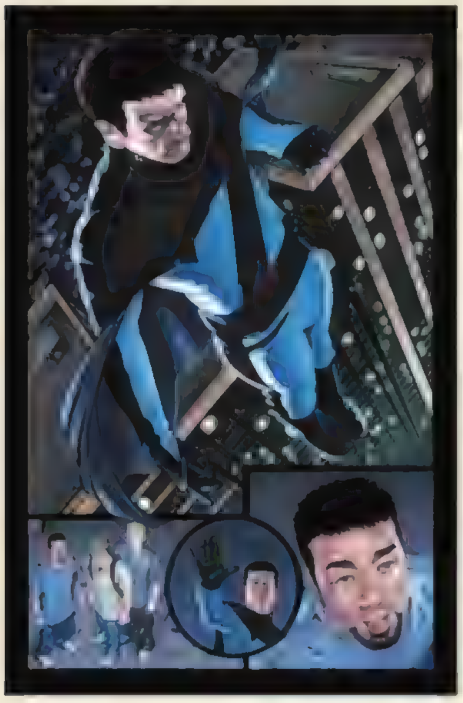
This month's Indie Edge features a creator you should definitely keep an eye on. You're probably already familiar with his work on several hit movies, and the incredibly popular SyFy series, Alphas. Now, we'll sit down with creator Zak Penn to find out what else he's worked on and, more importantly, what we should watch out for next!

ZAK PENN

We asked Zak Penn to list some of his favorite recent comics:

- **Powers** by Brian Michael Bendis (in fact, he says, *anything* by Bendis!)
- **Ex Machina** by Brian Vaughn
- **Parker** by Darwin Cook
- **Criminal** by Ed Brubaker
- **The Sword** by the Luna Brothers

But Zak is doing more than just reading and making movies about comics these days, he's writing his own! His new series **Hero Worship**, co-created with Scott Murphy, is coming soon from Avatar Press. Check out the preview art from the new series, featuring Penn's new super hero, Zenith:



Zak Penn's career began as a screenwriter when he sold his first script, *Last Action Hero*, at the age of twenty-three. Since then, Penn has become known for his work on numerous films based on Marvel comics, including *X-men 2* and *X-men: The Last Stand*, *Elektra*, *The Incredible Hulk*, and most recently, *The Avengers*.

"Working on The Avengers was surreal and constantly exciting," said Zak. **"One of the best things about it was getting to talk to people like Bendis, Millar, and Joe Quesada about what they would want to see in an Avengers film."**

Penn has also dabbled in other genres, writing scripts for disparate films such as *P.C.U.*, *Behind Enemy Lines* and *Suspect Zero*.

Zak's shift into independent cinema began when he collaborated with his idol, Werner Herzog, on the script for *Rescue Dawn*. Penn directed and co-starred with Herzog in *Incident At Loch Ness*, his award-winning "hoax" documentary about the legendary director's attempts to make a film about the equally legendary monster.

Zak had this to say about Lock Ness and working with Herzog: **"It's lesser known, but one of my favorite projects was Incident at Loch Ness. The opportunity to play endless pranks on Werner Herzog made it worth the entire project. I also really enjoyed getting to cast Werner Herzog as a villain in The Grand."**

The Grand, Penn's second completely improvised film, was his third film with Herzog, and featured an eclectic cast including Woody Harrelson, David Cross, Ray Romano, Cheryl Hines, Dennis Farina and Gabe Kaplan.

In addition, Penn co-wrote the original story for *Antz* and produced the animated film *Osmosis Jones*. He has also acted in a number of independent films, including *Star Maps* and *Chuck & Buck*. His first foray into television, the critically acclaimed original series *Alphas*, starring David Strathairn, is entering its second season on the SyFy Channel.

So what's next for Zak Penn? He can't tell us everything he's working on, but we did find out this: **"Currently I'm writing the screenplay for The Karate Kid 2 and working on an untitled science fiction film that I will be writing and directing. I'm also developing an Adult Swim-oriented show with Tim and Eric Awesome Show's production company, Abso Lutely. The SyFy channel original series I created, Alphas, is going into its second season. Lastly I'm writing a comic book series called Hero Worship with Scott Murphy."**

Hero Worship, coming soon from Avatar Press, is a tale about the ultimate celebrity, an indestructible superhero called Zenith, the rabid fans that worship him... and what happens when an unhealthy obsession leads to one fan getting super powers of his own.

Penn, now entering his third decade in the film industry, attributes the longevity of his career to off-season conditioning, lots of Halo, and a diet of pure corn starch.

A NEW CAPTAIN MARVEL SOARS IN THE MARVEL UNIVERSE

Scientist. Test pilot. Avenger. In her role as an Air Force officer or as the super hero Ms. Marvel, Carol Danvers has filled all of these roles in her career. This July Danvers takes on a familiar role, that of a super hero, in, for her, a new identity as becomes the latest to assume the proud legacy of Captain Marvel in Kelly Sue DeConnick and Dexter Soy's *Captain Marvel* #1!

Many have borne the identity of Captain Marvel. The first was the Kree soldier Mar-Vell, who came to Earth to ascertain the planet's military might in the event of the world's conquest by the Kree Empire, and it was from Mar-Vell that Carol Danvers received her own powers of flight and super-strength when they were caught together in an explosion. In the years after Mar-Vell's death others have donned the identity, from genetically engineered children of Mar-Vell to a Skrull sleeper agent activated during *Secret Invasion*. But through it all, Carol Danvers had always avoided the name Captain Marvel, despite her own connection to Mar-Vell and using Ms. Marvel as her own tribute to the fallen hero.

Now, with a new costume and a new name, Carol Danvers will make the legacy of Captain Marvel her own. Driven and determined, she has spent years pushing airplanes to the limits of their endurance. Now, she will push herself to her physical and mental limits to establish, if not to the world then to herself, that she is the Captain Marvel that the world needs.

Carol Danvers, Marvel Comics' premiere super heroine takes the stage this July, with the same powers, the same determination, and one of comics' most iconic names, Captain Marvel. The new era begins in Kelly Sue DeConnick and Dexter Soy's *Captain Marvel* #1, and it's an event that no Marvel fan will want to miss!

RICK GRIMES FACES HIS DARKEST HOUR IN *THE WALKING DEAD* #100

Nine years ago Image Comics published the first issue of Robert Kirkman's black & white zombie series, *The Walking Dead*. Kentucky police officer Rick Grimes woke from a coma to discover that the world was overrun by reanimated corpses and, with civilization collapsing from the zombie apocalypse, Rick began a journey in search of a place of safety — and in search of the family who fled the zombie rising.

This July Image Comics publishes the landmark issue, *The Walking Dead* #100. Through the previous 99 issues, Robert Kirkman and artists Charlie Adlard and Cliff Rathburn have explored the psychological effects of the zombie apocalypse on small bands of survivors — some who would go to any lengths to survive, some who abandoned their own humanity when confronted with the harsh reality of the post-apocalypse, some who clung as fiercely as possible to the compassion that made them human. Rick Grimes has survived much in those 99 issues, but in *The Walking Dead* #100 Rick will be pushed harder than ever before into the dark places of the human psyche. Will Rick Grimes finally be pushed over the edge?

An all-star line-up of artists provide variant covers for *The Walking Dead* #100, including Todd McFarlane, Marc Silvestri, Sean Phillips, Bryan Hitch, and Frank Quitely. Adlard himself contributes a special wraparound cover to mark this landmark event.

Whether you have followed the adventures of Rick Grimes since *The Walking Dead* #1, you discovered the series through the paperback collections, or you watched the television series on AMC, *The Walking Dead* #100 is an event that no fan of Robert Kirkman's zombie epic will want to miss!

HEED *THE CROW*'S CALL IN IDW'S NEW SERIES

James O'Barr's *The Crow* is one of the most enduring indie comic book concepts of the past twenty years, the story of a love that transcends death itself as a man takes revenge on those who murdered him and his true love. The basis for films and a television series, *The Crow* returns this summer in a brand-new series published IDW Publishing from writer John Shirley, the screenwriter of the original film, and artist Kevin Colden, with variant covers by Crow creator James O'Barr himself.

The story of The Crow moves to Japan as American student Jamie Osterberg becomes the latest to feel the power of the Crow when his girlfriend, Yumi, is taken from him. What follows is a dark and moody story that delves into the sorrows of heartbreak, the limits of revenge, and the redemptive power of love. This story will resonate with fans of Barr's material, the films based on The Crow, and new readers seeking powerful and affecting work. The storyline "Death and Rebirth" begins in July's *The Crow* #1 from IDW Publishing, and it's an event that no one will want to miss!

In this enthralling original graphic novel published in a landscape format, you will meet the PANDAREN, one of the most beloved (and mysterious) races in World of Warcraft! Written by Blizzard's own Micky Neilson (the *World of Warcraft MMORPG, World of Warcraft: Ashbringer* and *World of Warcraft: Curse of the Worgen*), with art by fan favorite Sean "Cheeks" Galloway (TV's *Teen Titans Go* and WEDNESDAY COMICS), this story ties directly into the upcoming *World of Warcraft: Mists of Pandaria* expansion pack. The tale introduces Li Li Stormstout, a precocious young student who lives atop a giant turtle called Shen-zin Su. Like the rest of the wandering island's pandaren, Li Li comes from a line of adventurers who left their homeland long ago to explore the world...and she wants nothing more than to chase that dream. But when Li Li runs away to find her famous uncle Chen, how will she survive Azeroth's perils?

PUNK ROCK JESUS #1

Written by SEAN MURPHY
Art and cover by SEAN MURPHY
On sale JULY 11 • 32 pg, B&W, no interior ads, 1 of 6, $2.99 US • MATURE READERS

The newest reality show hit has the unlikeliest celebrity of all in this new black and white miniseries from writer/artist Sean Murphy (JOE THE BARBARIAN, *Off Road*)!

J2, the TV series starring a clone of Jesus Christ, causes chaos across a near-future United States in PUNK ROCK JESUS, a new miniseries written and drawn by Sean Murphy, the acclaimed illustrator of JOE THE BARBARIAN and AMERICAN VAMPIRE: SURVIVAL OF THE FITTEST.

J2 causes outrage and adulation. Religious zealots either love or hate the show, angry politicians worry about its influence on the nation, and members of the scientific community fear the implications of cloning a human being at all – let alone the Son of God. And what effect will this all have on Gwen, the young woman who is selected, through an *American Idol*-style process, to be the mother of the new Messiah?

All this leads to the hiring of Thomas McKael, the clone's bodyguard and a former IRA operative with a turbulent past who must protect the new Messiah – a baby who captivates the world, but grows up to become an angry teenager.

In the tradition of nail-biting suspense and intrigue that fans of the show–and the comic–have come to expect and love, *Jericho Season Four* picks up where Season Three left off. Not only are they fugitives in their own hometown, but they find themselves forced to play host to the newest member of the Jericho community–John Smith… a man who some know as a friend of the resistance, but who Jake and Hawkins know as the man behind the September Attacks. Only they know his secret. And only they can stop him from committing another heinous act.

BERNIE WRIGHTSON'S THE MUCK MONSTER: ARTIST'S EDITION PORTFOLIO

Bernie Wrightson (w & a)

BW • 7 prints • 14.5" x 19"

$29.99

Bernie Wrightson is one of the most acclaimed horror artist's of all time. His work on *Swamp Thing* and many other mystery books are hailed as classics of the form, but his undisputed masterpiece is *Frankenstein*, illustrated from the **Mary Shelley** novel. Leading up to *Frankenstein*, Wrightson did a series of breathtaking stories for *Creepy* and *Eerie* magazines, in the mid 1970s. Chief among these stories, and with the beginnings of the style he adopted for *Frankenstein*, was *The Muck Monster*, arguably Wrightson's finest comics work.

IDW Publishing is pleased to announce the Artist's Edition portfolio line! As with all Artist's Editions, the original art is meticulously scanned in color and from the actual original art.

Jim Stenstrum (w) • Neal Adams (a)

BW • $29.99 • 8 prints • 12" x 18"

Neal Adams redefined the look of comics in the 1970s. His groundbreaking dynamic storytelling, coupled with a sense of realism that was never before seen in mainstream comics, has made Adams one of the most influential artists of the last 50 years. He was responsible for what many consider to be the definitive version of *Batman*, as well as being the co-creator of one of the Caped Crusader's greatest villains: *Ra's Al Ghul*. He has produced near legendary runs on *Green Lantern*, *Deadman* (in *Strange Adventures*), *the Avengers*, *X-Men* and many more.

Now, IDW is pleased to present one of Neal's most celebrated stories in the Artist's Edition Portfolio format. Each page scanned from the original art to match in exacting terms the look and feel of Adams' original art.

Molly Crabapple's work is burlesque-inspired in the broadest definition of the word–deftly satirizing the powerful and political with adorably sinister animals, steampunk-tinged machinery, and of course, beautiful girls.

But it's not all fantastical–when Occupy Wall Street broke out, Molly was there, capturing the immediacy of the revolutionary feeling in pen and ink. In a new 48-page book from IDW, you can get Molly's art in gorgeous full-color, work that's decorated glamorous nightclubs, museums and galleries, and protest signs and occupied spaces around the country.

Question of the Month

"What do you hope will be the biggest story to come out of Comic-Con International this year?"

"Big isn't quite Enormous, but one can always hope that the world discovers just how many incredibly cool books Image has to offer in the later part of 2012. That, and Game of Thrones."

[illegible]
MORNING GLORIES

"Michael Bay to direct Twilight reboot." Followed by "Local officials still calculating death toll after Michael Bay announced to direct Twilight reboot."

CHEW

"That IMAGE UNITED will be finished, followed by a sequel featuring a team up of the latest generation of Image characters including Firebreather, Invincible, Cassie Hack, Dr. Marrow, Tony Chu, Shinku and Bomb Queen, Mud Man, and the Mice Templar! We'll call it IMAGE Nü-NITED."

[illegible]
HACK/SLASH, BLOODSTRIKE

"The biggest news should be that COMICS have made a comeback in the mostly film driven multi media convention and Image comics is leading the way for a future where creators run the show and not big business."

THE THIRD DEGREE

MIKE NORTON

Mike Norton has been working in comics for more than a decade, gaining recognition for projects such as The Waiting Place and Jason and the Argobots. In 2001, he became Art Director for Devil's Due Publishing, where he drew the first Voltron mini-series. In 2005, he went freelance and has since made a name for himself working on books like Queen and Country, Gravity, Runaways, All-New Atom and Green Arrow/Black Canary. His creator-owned web comic Battlepug is a cult hit and his new Image series with Mike Norton, Revival, launches in July.

What are you working on right now?
Right now I'm drawing Revival and It Girl for Image. I also draw a weekly webcomic called Battlepug. And a bunch of other odds and ends.

What's the best part of your job?
Being able to make stuff for a living. Getting up every day and hanging out with a bunch of creative people drawing stuff never gets old.

What's the worst part of your job?
The stress of many many deadlines.

How did you first discover comics?
My dad gave me Amazing Spider-Man 163 when I was a kid. I wasn't even old enough to read. It and Star Wars were probably the greatest influences on me as a child.

If you weren't working in comics, what would you be doing?
A veterinarian or in a band. I played in bands in high school and the only occupation other than the arts that I even considered when I was a kid was veterinary medicine. That was until I realized it was mostly math and science and not sitting around petting puppies.

What's the best thing a fan has ever said to you?
I had someone tell me they were influenced by my art in their own work. That really got to me. I thought about how so many artists changed my life as a kid. Definitely boosted the ego.

Who is the biggest influence on your work?
All those childhood heroes- John Romita, John Byrne, John Buscema. Also a lot of the indy creators that I really got into in the late '80s and '90s like Bill Reinhold, Matt Wagner, Howard Chaykin, and Mike Allred.

What is the single work of which you're most proud?
Right now it's Battlepug. It's the first work I've done that's completely me. I'm really proud of Revival also.

Own up to one of your guilty pleasures.
Circus Peanut candies, pizza, Rudy Ray Moore movies, pugs

What was the last comic book you bought?
Glory #24!

If you could be someone else for a day, who would it be?
Somebody thinner. I like being myself otherwise.

Pick three things you couldn't live without.
Friends (that includes dogs). TV. Pizza. I'm a simple man.

What's the strangest thing you have in your house?
Uh... I guess the ceramic garden statues of Laurel and Hardy I've had since I was born.

What makes you laugh?
Dogs. Happy dogs are the best.

What is one of your favorite places?
Ireland. Loved every second of being there. Also- being in front of my drawing table.

What music are you listening to these days?
My musical tastes are kind of stuck in the '80s. The last new music I bought was Doomtree and Adam Warrock.

What is your favorite film of all time?
I hate answering this question. I usually say Star Wars because it was the most influential.

Who is your best friend?
I have a couple of close friends. My buddy Ron from high school and Tim Seeley who I share a studio with.

What is the best advice you've ever received?
I believe it was Barry Bostwick as Capt. Ace Hunter in the motion picture Megaforce that said, "Deeds. Not Words." I have honestly based my career on this.

When was the last time you were truly frightened?
I had a skiing accident several years ago and messed up my knee pretty badly. Not being in control of something that could possibly end your life is really scary. I still can't go to the top of a ski hill now.

Name someone you really admire and explain why.
I admire all of the people working here at 4Star Studios. Tim Seeley & Steve Seeley, Josh Emmons, Sean Dove, Jenny Frison, and Mike Moreci.

What would you like to see happen in comics in the next 12 months?
I would like to see all of my comics become crazy popular so I can buy a big-ass boat. Also, if all comics could become crazy popular, I wouldn't be sad.

DREDD IS BACK!

JASON KINGSLEY INTERVIEW

Along with his monthly duties at Rebellion as owner and CEO for the company that brings us the monthly exploits of *Judge Dredd* and many other *2000AD* stalwarts, Jason Kingsley also oversees the development of video games for various platforms, and more recently, acted as co-Producer (along with his brother Chris) on the most faithful adaptation of *Judge Dredd* ever put to film. Starring Karl Urban (*Star Trek's* Dr. McCoy) as the stone-faced *Dredd*, the film will storm into theatres this September 21st.

In honor of *Movie Month*, Jason took some time out of his busy schedule to answer some questions about this upcoming comic book-to-movie adaptation...

***PREVIEWS*: As one of the producers on *Dredd*, what responsibilities do you find yourself performing the most during the film's production?**

JASON KINGSLEY: Along with my brother Chris, we were heavily involved at the beginning, helping to kick things off with advice and overall thematic guidance.

***P*: You've participated in several facets of film production in the past. What new or unique experience did you have working on *Dredd*?**

JK: It was a lot bigger than any of the projects I've worked with before, with an incredibly dedicated and talented crew making it happen.

***P*: It's our understanding that *Dredd* will be designed to be much closer to the original vision of the *Judge Dredd* comics then the previous film adaptation. Karl Urban, the actor playing Dredd, has confirmed that Judge Dredd will not remove his helmet this time around, unlike in the Sylvester Stallone version, which corresponds with the comics. Can you explain a few other elements where you and the rest of the production team have focused on more closely adapting the *Judge Dredd* universe?**

JK: Making a movie is different, obviously, than making a game or comic. The professionals know what works, but when we worked things out with DNA to do the movie we were careful to specify about the helmet and several other "no-go" areas, too. Luckily the production team shared the same vision as we did and none of it was a problem. If anything, it drives more interesting solutions from the team. We also had to make the uniform both authentic but also practical and human-useable.

***P*: Does the fact that you are a producer for the film, as well as the CEO for *2000 A.D.* (Judge Dredd's main publication), give you an inherent sense of responsibility for maintaining both versions of the franchise and how they interact or relate to each other? What strategies or goals are you implementing for yourself and how you approach the film?**

JK: Chris and I have had that inherent sense of custodianship from the earliest days of the acquisition. We feel that we're in charge of something that needs to be looked after and preserved for the future. It's both a business and also part of the UK's creative heritage.

***P*: The story of the new film seems to revolve around Judge Dredd teaming with a new Judge recruit to crack-down on a new street drug called Slo-Mo. How closely do the story and its elements come from previous *Judge Dredd* comics? Was there a conscious effort to pull specific details from the comics or is the story in *Dredd* almost completely unique from anything previously seen in the Judge Dredd comic library?**

JK: We've just tried to tell a good and very kinetic story that will thrill dedicated fans and also appeal to an audience that isn't so aware of the comic history. There are a lot of deep references in the background if you look closely enough. The production team and I worked out a lot of crazy background stuff that makes it all very Mega-City One. My personal favorite things are some of the Justice Department warning notices!

Nathan Hale (the author's namesake) was America's first spy, a Revolutionary War hero who famously said "I only regret that I have but one life to lose for my country" before being hanged by the British. In *Hale's Hazardous Tales*, author Hale channels his historical doppelganger to present history's roughest, toughest, craziest stories in graphic novel format for kids. This first book tackles the story of Hale himself, who was an officer for the American rebels in the Revolutionary War and was eventually hanged for spying. These stories each have elements of the "strange but true," and are presented in an engaging, funny format, highlighting the larger-than-life characters and the weird, gross, and just plain unbelievable truth of American History. The island kingdom of Desperian has long been ruled by the dark wizard, Zoranthar, and his ruling class of loyalists. The nobles of the land have long held to an imperative law — blood in the arena keeps blood off the streets — and cadres of gladiators entertain the masses as temples of slaughter. When slavers deliver Valoriss Bladesong into the ranks of the gladiators, her path will bring her to the doorstep of Zoranthar and challenge him for the destiny of Desperian. The Praetorian is an action adventure tale of sword and sorcery, honor and courage, good and evil, revenge, and life and death. (STK464797)

BLOODY CHESTER
:01 First Second

Bloody Chester rode the frontier, armed against trouble with his bad reputation and scary nickname. Good thing, too, since Chester Kates is just a young teen without a family, and the Wild West pulls no punches, even for orphans. Desperate for money, he takes a job with a railway man: burn down an abandoned settlement and clear the way for the railway line. The town's not empty though, and Chester ends up tangled in a fight between everyone who's got a claim on the land.

Hilary Florido, twice honored as an *America's Best Comics* inductee, makes an excellent graphic novel debut with *Bloody Chester.* JT Petty, her cowriter, brings his experience with the western genre to bear on the work with great results.

The story itself reads simply and smoothly — a suspenseful and creepy young adult mystery set in and under the town of Whale. However, both Petty and Florido set up plot-dominoes that loop the reader back to some earlier key occurrence time and time again, demonstrating just how few isolated incidents there are in land on the edge of civilization.

AMERICAN ELF VOLUME 4
Top Shelf Productions

Ever notice that when you finish a good book or movie, you're thinking in its language? Good autobio comics—especially diary-style ones—do something similar. They capture the rhythm of the narrator's life so effectively that you carry it into your own day, like the bassline of a catchy song.

James Kochalka has that talent for autobio. In four panels or less, he pulls a moment out of each day and makes it resonate. There's something Zen-like about the joys and sadnesses he chooses; an unanswered question for the cat is silly when it happens, but as a solitary, uncrowded moment on the page it also blooms and gains dimension. Bit by bit, *American Elf* assembles a huge spectrum of fleeting, strange, and genuine feelings in fistfuls of Crayola-inspired hues. Like a lot of good short art forms, it looks small but becomes immense. It tricks you with its simplicity.

American Elf is your friend who summarizes movies with exactly the right sentence. It's the Abe Lincoln you can't unsee in a cloud. Kochalka's way of seeing builds real depth and connection from isolated weirdnesses. Pick up the latest volume and take his rose-colored microscope for a spin.

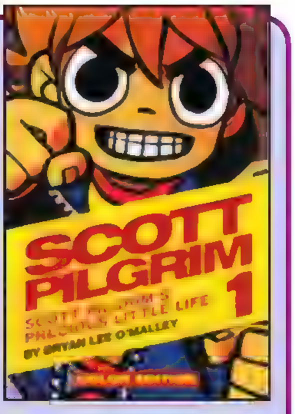
SCOTT PILGRIM COLOR VOLUME 1: SCOTT PILGRIM'S PRECIOUS LITTLE LIFE HC

Oni Press



It's true, I'm a Pilgrim-Head (trademark pending) and, like me, other fans may have assumed that we had seen the last of Scott on paper. The good news for all faithful followers, and the yet-to-be-initiated, is that Scott is back and he's in **full color!**

It's been almost two years since readers read the last chapter in Scott Pilgrim's epic journey through bands and battles with the boyfriends of Ramona's past. There's been a movie, there's been a video game, and now we come full circle to where it all began. In the fourth volume of the series, readers experienced a taste of Scott Pilgrim in a four-color world and, for those of you who wondered what the rest of his world would look like in shade other then black will have their answer.

This is the version of the book you've been waiting for. The art is bigger, the cover is harder and the bonuses… well there's plenty of them. This is the definitive *Scott Pilgrim* the way it was meant to be read!

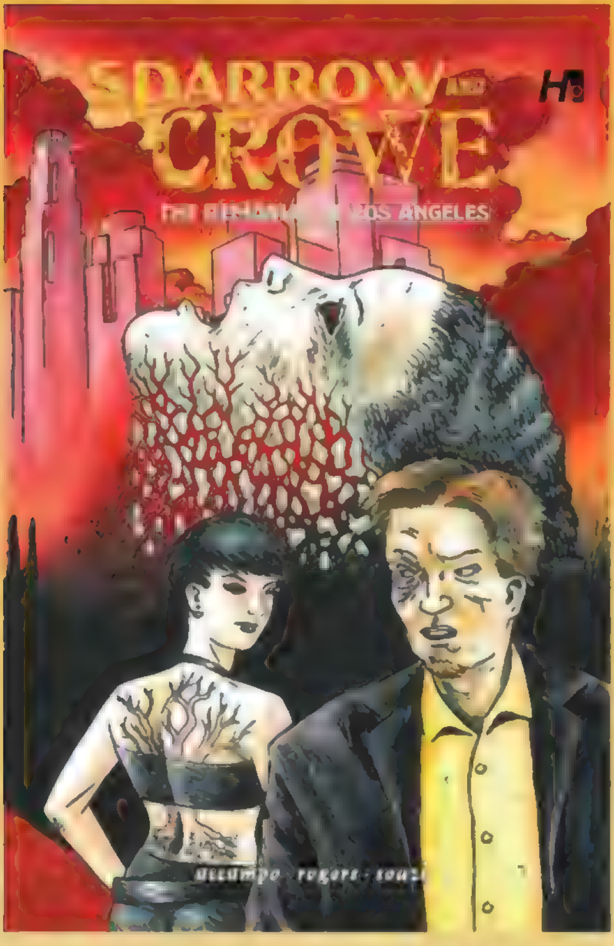
HERMES Press

NEW ORIGINAL SERIES

First in a Five-Part Limited Series



"Dark and freshly twisted, Sparrow and Crowe is full of great story, great characters and more awesome demon possessions than you can shake a crucifix at. Accampo, Rogers and Souza have given the world something that's one part *The Exorcist*, one part Elmore Leonard, and one part something all their own. Glad I picked this up!" – Scott Snyder (writer, *American Vampire*, *Batman*, *Swamp Thing*)

Sparrow and Crowe

By David Accampo, Jeremy Rogers, and Jared Souza

Hermes Press premieres one of the hottest new titles of 2012 with *Sparrow and Crowe: The Demoniac of Los Angeles*, the spin-off of the successful *Wormwood* audio drama podcast. The title offers everything: dark mystery, suspenseful plot twists, humor, and non-stop action.

Sparrow and Crowe: The Demoniac of Los Angeles **combines old-school horror with modern cinematic storytelling. Issue #1 begins the epic face-off of Sparrow and Crowe against Crowe's biggest failure and greatest enemy when a powerful demon possesses the daughter of a Los Angeles crimelord. It's a catch-22 for the duo, as they're stuck between both hell and the mob, with the girl's life hanging in the balance.**

Sparrow and Crowe #1 (five part series); ISBN 978-1-61345-026-0; full color comic book; script by David Accampo and Jeremy Rogers; art by Jared Souza; 32 pages; $3.99.

"A twisted romp through the evil that lurks around every corner in the City of Angels." – Corinna Bechko (writer, *Heathentown* and *Betrayal of the Planet of the Apes*)

"This trips my occult-noir fix. I loved the original audio-drama-podcast, so reading *Sparrow and Crowe* was like meeting old friends at the crossroads of *The Exorcist* and *Chinatown*. Dr. Xander Crowe is my patron saint of sardonicism. I'll always be faithful." – Joshua Alan Doetsch (author, *Strangeness in the Proportion*)

THE MAN I PICKED UP

CJ Michalski

When men's club owner Tamaki closes up one night, he's surprised to find a battered man lying out front in the open. Responding to the man's fear and need, he picks up the stray and takes him home to bind his wounds. It soon becomes all too apparent that Kouta is much more like a stray, beaten down puppy than even Tamaki had first realized, but it also becomes rather apparent that that Kouta feels more than mere gratitude. Is it only pity that Tamaki's generous nature feels tugging at his heart strings or has the stray Kouta found his home?

MacKayla comes up against an eerie, dangerous being that almost succeeds in stealing her voice and mind. Appearing to be a tall, gaunt, faceless man nattily dressed in tailcoat and spats, he is called the Fear Dorcha — ageless, evil, full of rage against humanity. When Mac meets him in Chester's, she is saved only by the intervention of the dreamy-eyed bartender. In Fever Moon, young sidhe-seer Dani is not so fortunate. The graphic novel reveals what happened to Dani during her disappearance from the events of Karen Marie Moning's bestselling novel *Shadowfever*, and Mac and Barrons' desperate search for an otherworldly killer. AYA: LIFE IN YOP CITY GN

(W) Marguerite Abouet
(A/CA) Clement Oubrerie
Ivory Coast, 1978. It's a golden time, and the nation, an oasis of affluence and stability in West Africa, seems fueled by something wondrous. *Aya* is loosely based upon Marguerite Abouet's youth in Yop City. It is the story of the studious and clear-sighted 19-year old Aya, her easy-going friends Adjoua and Bintou, and their meddling relatives and neighbors. It's wryly funny, breezy account of the simple pleasures and private troubles of everyday life in Yop City. This reworked edition offers readers the chance to immerse themselves in the lively world of Aya and her friends, bringing together the first three volumes of the series in Book One. Drawn & Quarterly will release volumes four through six of the original French series (as yet unpublished in English) in Book Two. (STK467838)

THE MAKING OF

THE MAKING OF HC

(W/A/CA) Brecht Evens
Pieterjan is invited to a small town as an honored guest. From the moment he arrives, things start going wrong, and since no one seems ready to step in, Pieterjan takes over the show. He decides to build a giant garden gnome as a symbol of Flemish identity, but the construction process brings buried tensions to the surface as the other artists become jealous of Pieterjan's authority. In *The Making Of*, Evens delves deep into the petty tensions, small misunderstandings, and deadpan humor that pervade modern relationships. Sweeping watercolors jump off the page, surrealist scenery intermingles with crowds of people, and small suburban plot homes have never looked so lovely. (STK467839)

SOUL EATER NOT!
Yen Press

A new freshman NOT (Normally Overcome Target) class has begun at Death Weapon Meister Academy (DWMA), a school dedicated to training Weapons and the Meisters who will wield them. Join shy Halberd Tsumugi and her two roommates, Anya Hapburn and Tatane Meme, as they journey to becoming full-fledged Weapon and Meisters. Along the way, you will bump into *Soul Eater* favorites like Maka and Soul when they were still taking classes.

This side story can be considered a prequel to the main series, where Medusa is still the school nurse and Sid is still human. This new series focuses on the daily lives of Shibusen students. It is much slower pace with more comedy; and fans of *Soul Eater* will be happy to know the story line and artwork are satisfyingly up to par with the original series!

THE WRONG PLACE GN

(W/A/CA) Brecht Evens
Rendered in vivid watercolor where parquet floors and patterned dresses morph together, *Wrong Place* revolves around oft-absent Robbie, a charismatic lothario of mysterious celebrity who has the run of a city as chaotic as it is resplendent. With a hand as sensitive as it is exuberant, Brecht Evens's stunning debut English graphic novel captures the strange chemistry of social interaction as easily as he portrays the fragmented nature of identity. DANIEL CLOWES' THE DEATH-RAY HC

(W/A/CA) Daniel Clowes
Teen outcast Andy is an orphaned nobody with only one friend, invisible to everyone but bullies and tormentors, until the glorious day when Andy takes his first puff on a cigarette. That night he wakes, heart pounding, soaked in sweat, and finds himself suddenly overcome with the peculiar notion that he can do anything. *The Death-Ray* utilizes the classic staples of the superhero genre and reconfigures them in a story that is anything but morally simplistic. With subtle comedy, deft mastery, and an obvious affection for the bold pop-art exuberance of comic book design, Daniel Clowes delivers a contemporary meditation on the darkness of the human psyche. After his father dies, Wilson sets out to find his ex-wife with the hope of rekindling their long-dead relationship, and discovers he has a teenage daughter, born after the marriage ended and given up for adoption. THE LOST ART OF AH POOK IS HERE: IMAGES FROM THE GRAPHIC NOVEL

by Malcolm McNeill

$35.00 / HC / 144 pgs / FC / 11 x 13

The Lost Art Of Ah Pook gathers the visual elements from the legendary unfinished collaboration between William S. Burroughs and artist Malcolm McNeill. Begun in the early 1970's, Ah Pook was to be a meditation on time, power, control and corruption that evoked the Mayan codices and specifically, the Mayan god of death, Ah Pook. Although the work was never completed, Malcolm McNeill created over a hundred paintings, illustrations and sketches for the book, and these are finally seeing the light of day in *The Lost Art of Ah Pook*. Even in a context divorced from the words (Burroughs' text will not be included), they represent a stunning precursor to the graphic novel form to come. Also included is a historical essay chronicling the long history of Burroughs' and McNeill's work together.

WHILE FALLING
MALCOLM MCNEILL

Observed While Falling chronicles the personal and creative interaction that defined the collaboration between the writer William S. Burroughs and the artist Malcolm McNeill on the graphic novel *Ah Pook Is Here*. Written with insight and humor, and liberally sprinkled with the kind of outré anecdotes one would expect working with a writer as original and eccentric as Burroughs, *Observed While Falling* presents a unique view of the creative process that will be of interest to artists, writers and general readers alike.

FLANNERY
O'CONNOR

Fantagraphics is honored to bring the little-known early cartoons of one of the greatest writers of the 20th century to a 21st century readership. *Flannery O'Connor: The Cartoons* reprints all of the cartoons she did for several small newspapers and University publications in the 1940's in which she lampoons student life and the impact of World War II on the home front whilst trying out artistic techniques that were later deployed in her fiction. The Southern Gothic humor and acid observations will be instantly recognizable to all fans of this beloved icon of American literature.

This isn't John Wayne's heroic Old West. This is the real deal: a filthy, disease-ridden frontier populated by losers, lunatics, and murderers. And when you're a skinny teenager with no family and a name like Chester Kates, your options are limited. It's stand up and fight or roll over and die, so Chester, aka "Lady Kate," is set to fight until it kills him. Chester is hired to ride his horse to a ghost town and burn it to the ground — except the ghost town doesn't just boast a tidy collection of mangled corpses: it also has three living inhabitants who won't be budged. But Chester's been hired for a job, and he'll be damned if he doesn't burn the town to the last cinder! (STK466881) (C: 1-1-1) **NOTE:** Not available in Germany.

THE CREATIVITY OF STEVE DITKO

IDW Publishing

I have to admit, I wasn't the biggest Steve Ditko fan back in the sixties. I remember gladly trading a copy of *Amazing Spider-Man #2* for an issue of *Adventure Comics* featuring the Legion that I was missing for my collection. I soon learned the error of my ways and even though I'm still a big Legion fan, through reboots both good and bad, I became a big fan of Steve Ditko, and I cannot convey the excitement I felt the day I received a letter from Ditko, forwarded to me by Bill Pearson, in which the artist discussed Ayn Rand, Objectivism, and the then-current mindset of high school students.

The previous book from IDW, *The Art of Steve Ditko*, was just the beginning of showing the range of Ditko's work. Now with *The Creativity of Steve Ditko*, Craig Yoe and IDW have provided more art and information about this reclusive comic book legend. The art selected by editor Craig Yoe conveys the range and expression associated with Ditko's work. A real bonus to this collection is seeing unpublished art and sketches and photos of the elusive Steve Ditko.

With a Foreword by former DC publisher and Ditko's co-creator on *Stalker*, Paul Levitz, and essays by former editors Mike Gold and Jack Harris, we get to see how others saw this superstar.

I'll be looking forward to this book almost as much as I did years ago when I marveled at the styling of his work on Spider-Man, the structure of the realms of Doctor Strange, his work on *Konga*, Charlton's *Captain Atom*, and even *Nukla*. Creative, opinionated, and fascinating, Ditko is a true artistic talent deserving of the recognition of IDW's *The Creativity of Steve Ditko*.

TINTIN: THE COMPLETE COMPANION HC

(W) Michael Farr, Herge (A) Herge

Well-researched and gorgeously presented, this overview follows Tintin through the 23 titles of the complete series. *The Complete Companion* contextualizes Hergé's accomplishment in historical context. Hergé's drawings are side by side with their references, demonstrating how he established believable backgrounds and realistic details. The book includes a large number of sketches, which Hergé re-worked and polished until he found the clearest, most easily readable line, giving birth to a style that would later be called Clear Line. THE KILLER OMNIBUS

Archaia Studios Press

The Killer is the best crime fiction story you haven't read yet. If you're a fan of Ed Brubaker and Sean Phillips' *Criminal* and haven't jumped on board the Matz/Jacamon bandwagon I recommend you do so immediately. Much like Brubaker and Phillips, both creators are stellar when working independently of one another, but together they become a true force to be reckoned with.

This omnibus collection of the first two volumes of *The Killer* introduces the unnamed assassin who's as cold and calculating as any protagonist in recent memory. He exudes the kind of coolness that's one part James Bond, two parts Leon from *The Professional,* with a pinch of Michael Madsen's character from *Reservoir Dogs* thrown in for good measure. The character only becomes more compelling with each story the creators tell, and I eagerly anticipate new installments to the series. For now though, there should be just enough material here to whet readers' appetites to pick up volume 3, which is also currently available from Archaia.

(W/A/CA) James Kochalka

Kochalka invented the daily diary comic strip, spawning a grassroots comix movement that swept the globe, and his attempt to document the minutia of his life results in work that explores the full spectrum of human emotions. Drawn with verve and confidence by a cartoonist at the height of his powers, it is ambitious, hilarious, moving, and quite addictive! *Book 1* follows the ups and downs of Kochalka's life through five full years of the strip (October 26, 1998 to December 31, 2003), and also includes 32 full-color pages of supplementary comics and other artwork. *Book 2* reprints all the strips from 2004 and 2005, and *Book 3* covers 2006 and 2007. MICKEY SPILLANE'S FROM THE FILES OF... MIKE HAMMER: THE COMPLETE DAILIES AND SUNDAYS

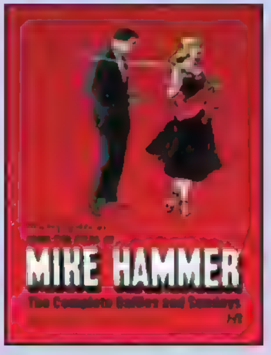
Hermes Press



There's only one name you should think of when you think "private eye" – Mike Hammer. Mickey Spillane created his iconic character in the aftermath of World War II, and Spillane's Hammer had an edge and a no-nonsense approach that made the books a must-read for decades. Then, having built a successful career writing hard-boiled stories, Spillane took his creation back to his roots, the comics.

With Spillane heading the effort along with writer Joe Gill and writer/artist Ed Robbins, the creators did right by the character and the genre. Hermes Press collects the complete run from 1953 and 1954. Of particular note is the work of Ed Robbins which gave Mike Hammer the look a PI needed. Of additional interest is the essay written by Max Allan Collins on his friend Mickey Spillane and his continuing the legacy of Mike Hammer.

Mickey Spillane's From the Files of…Mike Hammer: The Complete Dailies and Sundays from Hermes Press is a book you must buy or would you rather get ~~whacked~~ smacked.

BILL THE BOY WONDER: THE SECRET CO-CREATOR OF BATMAN HC

(W) Marc Tyler Nobleman (A/CA) Ty Templeton

Every Batman story is marked with the words "Batman created by Bob Kane." But that isn't the whole truth. A struggling writer named Bill Finger was involved from the beginning. Bill helped invent Batman, from concept to costume to character. He dreamed up Batman's haunting origins and his colorful nemeses. Despite his brilliance, Bill worked in obscurity. It was only after his death that fans went to bat for Bill, calling for acknowledgment that he was the co-creator of Batman. Based on original research, *Bill the Boy Wonder* is the first-ever book about the unsung man behind the Dark Knight. (STK466715) (C: 0-1-2)

COMIC BOOKS AND THE COLD WAR
Essays on Graphic Treatment
1946 to 1962
Edited by
Chris York
and Rafiel York

COMIC BOOKS AND THE COLD WAR, 1946-1962 SC

The comic books of the post-World War II era constitute complex cultural documents that create a dialogue between mainstream values and alternative beliefs that question or complicate the grand narratives of the era. Close analysis of individual titles, including EC comics, Superman, romance comics, and other, more obscure works, reveals the ways Cold War culture, from atomic anxieties and the nuclear family to communist hysteria and social inequalities, manifests itself in the comic books of the era. By illuminating the complexities of mid-century graphic novels, this study demonstrates that postwar popular culture was far from monolithic in its representation of American values and beliefs. CEREBUS the Barbarian Messiah
Essays on the Epic Graphic Satire of Dave Sim and Gerhard
CEREBUS
Edited by ERIC HOFFMAN

CEREBUS THE BARBARIAN MESSIAH SC

(W) Eric Hoffman

In December 1977, struggling Canadian comic book artist Dave Sim self-published the first issue of *Cerebus the Aardvark*, a *Conan the Barbarian* satire featuring a foul-tempered, sword-wielding creature trapped in a human world. Over the next 26 years, Sim, and later collaborator Gerhard, produced an epic 6,000-page graphic novel, the longest-running English language comic series by a single creative team. This in-depth work, the first collection of critical essays on *Cerebus*, provides a multifaceted approach to Sim and Gerhard's complex and entertaining oeuvre. CROSSING BOUNDARIES IN GRAPHIC NARRATIVE SC

Although the idea that graphic narratives represent an important literary form is still debated in academic circles, in recent years comics scholarship has emerged into wider contexts. This collection of essays considers various literary approaches to graphic narrative and sequential art. By bringing literary theory to bear on graphic narrative and balancing readings of individual texts with larger ideas about comics scholarship as a whole, this work expands our understanding of the form itself and its engagement with political culture. THE MEANING OF SUPERHERO COMIC BOOKS SC

(W) Terrence R. Wandtke

For decades, scholars have made the connection between the design of the superhero story and the mythology of the ancient folktale. This volume details how the workings of the superhero comics industry and the conventions of the medium have developed a culture like that of traditional epic storytelling. It chronicles the continuation of the oral/traditional culture of the early 20th century superhero industry in the endless variations on Superman to how contemporary superhero comics, like Geoff Johns' *Green Lantern* and Warren Ellis's *The Authority*, connect traditional aesthetics and postmodern theories. SEXUAL IDEOLOGY IN THE WORKS OF ALAN MOORE
TODD A. COMER AND JOSEPH MICHAEL SOMMERS

SEXUAL IDEOLOGY IN THE WORKS OF ALAN MOORE SC

Alan Moore, the idiosyncratic and controversial writer, remains a benchmark for readers of comics and graphic novels. This collection investigates the political, social, cultural, and sexual ideologies that emerge from his seminal work, *Lost Girls*, and demonstrates how these ideologies relate to his larger body of work. Framed by Moore's insistence upon deconstructing the myth of the superhero, each essay attends to the form and content of Moore's comics under the rubric of his pervasive metaphor of the "politics of sexuality/the sexing of politics." SUPER-HISTORY: COMIC BOOK SUPERHEROES AND AMERICAN SOCIETY SC

(W) Jeffrey K. Johnson

In the eight decades since Superman's debut, comic book superheroes have become an indispensable part of American society and the nation's dominant mythology. They represent America's hopes, dreams, fears, and needs and have become ingrained in the nation's social and cultural fabric. As a form of popular literature, superhero narratives have closely mirrored and molded social trends and changes, influencing and reflecting political, social, and cultural events. This study provides a decade by decade chronicle of American history from 1938 to 2010 through the lens of superhero comics. (STK467072) (C: 0-1-2)

BUFFY AND THE HEROINE'S JOURNEY SC

(W) Valerie Estelle Frankel

The worlds of Percy Jackson, Harry Potter, and other modern epics feature the Chosen One, an adolescent boy who defeats the Dark Lord and battles the sorrows of the world. Television's Buffy the Vampire Slayer represents a different kind of epic — the heroine's journey, not the hero's. This provocative study explores how Buffy blends 1990s girl power and the path of the warrior woman with the oldest of mythic traditions. As she sacrifices her life for the helpless, Buffy experiences the classic heroine's quest, ascending to protector and queen in this timeless metaphor for growing into adulthood. Mickey Spillane on Screen
A Complete Study of the Television and Film Adaptations
Max Allan Collins and James L. Traylor

MICKEY SPILLANE ON SCREEN SC

(W) Max Allan Collins, James L. Traylor

In the mid-20th century, Mickey Spillane was the sensation of not just mystery fiction but publishing itself. The level of sex and violence in his Mike Hammer thrillers (starting with *I, The Jury* in 1947) broke down long-held taboos and engendered a near hysterical critical backlash. Spillane's fiction came to the screen in a series of films that include *Kiss Me Deadly* (1955) and *The Girl Hunters* (1963) with the author himself playing his private eye. These films, and television series starring Darren McGavin and Stacy Keach respectively, are examined in a lively, knowledgeable fashion by Spillane experts. Included are cast and crew listings, brief biographical entries on key persons, and a lengthy interview with Spillane. (STK467077) (C: 0-1-2)

TOKYO GRINDHOUSE VOLUME 1: PINKY VIOLENCE BAD GIRL CINEMA SC

(W) Jack Hunter
Between 1970 and 1974, numerous Japanese film companies produced dozens of films in a new sub-genre which combined action, sex, violence and crime, and was dominated by ruthless and deadly delinquent females. This sub-genre is now known as "pinky violence." With such series as *Girl Boss*, *Girls' High School Terror*, and *Female Prisoner: Scorpion*, Toei created a cinematic world filled with nudity, sex, cat-fights, torture, rape and revenge, and peopled by very, very bad girls who stripped off their clothes as readily as they pulled out a gun or a knife. *Tokyo Grindhouse* contains an extensive introductory history by Jack Hunter, as well as illustrated sections on all the main pinky violence series and one-offs. LANDMARK PEOPLE & EVENTS: DAVE STEVENS

It's difficult to convey just how import Dave Stevens was to the formation and evolution of Graphitti Designs. Aside from the fact that the first two shirts we produced (1981 San Diego Comic-Con and The Rocketeer), featured Dave's art, Dave's impact on Graphitti Designs went light-years beyond that. Dave was the first artist I met who understood what I was trying do and helped us define the company's look and direction. Our ideas co-mingled over the years which led to the production of screenprinted shirts, high-quality art prints, signed hardcover books, cold-cast statues, cloisonne and sculpted pins and any number of other cool items. Many of these product types were not only a first for Graphitti Designs, but often they were the first-time products like these were created for sale into the comics specialty market. Graphitti Designs would be a different company or more likely, would not exist without Dave's influence. Dave was an incredible artist, a business associate and a good friend that will never be forgotten.

IRON MAN MARK II GOLD ARMOR MINI-BUST

A Gentle Giant Sculpt! First seen in *Tales of Suspense* #40, the Iron Man Mark II Armor was created by Tony Stark partly as a PR move. Feeling that the gun-metal grey Mark I suit wasn't the most friendly looking, he colored his next suit gold (dubbed the "Golden Avenger" model) to make it less frightening to the public. Of course, he also upgraded the suit's armaments to include a force field generator, chest-mounted MkII Monobeam, a sledgehammer, hacksaws extending from the armor's fingertips, and an upgraded communication suite. For 1963, this was the bleeding edge. A throwback to the Silver Age, this piece is a must-have for a true Marvel historian. (STK467091) Scheduled to ship in November 2012. MEN IN BLACK 2: NEURALYZER 1/1-SCALE PROP REPLICA

As featured in the 2002 film *Men In Black II*, Factory Entertainment's Neuralyzer prop replica was created after exhaustive and careful study of the original props to ensure maximum authenticity. They were instead either added in post-production or with additional equipment and special effects. This has allowed us to create a self-contained replica that is faithful to the functions seen on screen without compromising accuracy. This stunning piece was crafted from high quality materials and used digitally enhanced audio and sound taken directly from the original studio audio track for additional clarity. NASA: SATURN V ROCKET 1/72-SCALE MODEL

Imported from Japan! As the longest, heaviest, and most powerful rocket ever produced, the original Saturn V stood 110.6m high and had a diameter of 10.1m. The *Saturn V* was at the heart of NASA's Apollo and Skylab programs between 1967 and 1973. It was able to launch a 45-ton payload into space beyond Low Earth Orbit, and it safely delivered 24 astronauts to the Moon. As impressive as the real Saturn rocket system is, this Space Collection item from Dragon will cause jaws to drop and draw gasps of astonishment! While the model makes use of the Command/Service Module (CSM) and Launch Escape System produced earlier, the rest of this monstrous 1/72 scale rocket comes from brand new toolings. All the relevant detail is carefully reproduced on the three rocket stages, and the completed model comes with accurate painting and markings. Even in 1/72-scale the fully built-up model stands 1.5m tall. (STK467854) Scheduled to ship in July 2012. (1334/DRW 50388) (C: 0-1-3)

NASA: APOLLO 12 LUNAR LANDING 1/72-SCALE MODEL

Dragon's newest model in its exciting Space Collection represents the Apollo 12 mission. The set includes the Intrepid LM on a simulated Ocean of Storms lunar surface alongside the Surveyor 3 probe. The flight lasted a mere four hours and 56 minutes, circling the globe three times before the capsule reentered orbit. "Liberty Bell 7"
Spacecraft

NASA: MERCURY LIBERTY BELL 7 1/72-SCALE MODEL

Imported from Japan! NASA's Mercury program was a series of manned spaceflights in the important buildup to putting man on the Moon. Gus Grissom's spacecraft "Liberty Bell 7" flew 480km at a maximum altitude of 190km and maximum speed of 1,969m/s. The naming is because of the shape of the craft, as well as an association with the original Liberty Bell. Indeed, a "crack" was painted onto the side of the craft to add to the illusion. An innovation with this spacecraft was an explosive hatch release that allowed a rapid emergency escape. After performing its flight, Liberty Bell 7 splashed down in the ocean, although the craft subsequently sank to the bottom before it could be retrieved by helicopter. As a fitting final note, the Mercury spacecraft was salvaged 38 years later in 1999. (STK467856) Scheduled to ship in July 2012. (1334/DRW 50393) (C: 0-1-3)

AVENGERS

Incredible Hulk. *Iron Man*. *Thor*. *Captain America*. Marvel's shared universe of superhero blockbusters have each been playing the massive pieces of an even bigger undertaking, all leading to this: **THE AVENGERS**! Marvel's premiere team of heroes makes its debut this May, and everything that has come before will pale to the grand, epic-scale insanity that we will witness in theaters. All of the inter-connected stories, teasers, and crossovers have lead to this — and *Buffy* creator Joss Whedon directing an all-too-different band of "Scoobies" taking on a "Big Bad" in a final, no-holds-barred conflict!

Diamond Select Toys has the movie version action figures of *Hawkeye* (Jeremy Renner) the all-new *Hulk* (based on the mo-cap of actor Mark Ruffalo), and the *Iron Man Mk-VI Armor*. And if space is a concern, then you can do no better than the space-saving *Avengers Kit* featuring a miniature Captain America figure, die-cast Avengers logo pin, and a 48-page book detailing the Avengers team!

Marvel Select Avengers: Hawkeye Movie Action Figure (DEC11 1598 / $21.99) ▼ **Marvel Select Avengers: Hulk Movie Action Figure** (DEC11 1596 / $21.99)

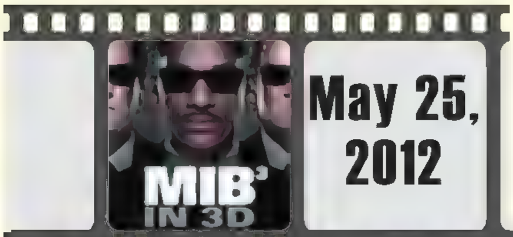
BATTLESHIP
KRE-O BATTLESHIP
KRE-O BATTLESHIP

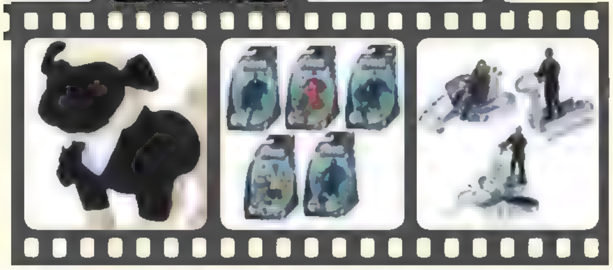
Hasbro has gone from one of the world' largest toy makers, to one of Hollywood's most powerful movers and shakers, especially when it comes to massive, summer popcorn blockbusters. From *Transformers* to *G.I. Joe* (see *Retaliation*, later on), they're helped to turn toy properties into box office gold. And their next salvo is a massive, all-guns-blazing sci-fi adaptation of the great grand-pappy of naval combat simulations, **BATTLESHIP**. Starring *John Carter's* Taylor Kitsch, it's the Navy versus alien invaders in what could be one of the most unlikely sci-fi hits of recent years!

This month, Hasbro unleashes a full armada of licensed sets based on the film under their Kre-O brand, and includes five different building sets with action features and mini-figures, including the massive Kre-O Battleship: U.S.S. Missouri set!

Kre-O Battleship: Alien Strike Set (MAY12 1699 / PI) ▼ **Kre-O Battleship: Combat Chopper Set** (MAY12 1700 / PI)
Kre-O Battleship: Land Defense Battle Pack (MAY12 1701/ PI) ▼ **Kre-O Battleship: Ocean Attack Set** (MAY12 1702 / PI) ▼ **Kre-O Battleship: Uss Missouri Set** (MAY12 1703 / PI)



Barry Sonnenfeld once again directs Will Smith and Tommy Lee Jones in another installment of the comedic sci-fi film series based on the short-lived '90s comics series. This time, Agent J (Smith) must travels back in time to the MIB's early years in the 1960s, to stop an alien from assassinating his friend Agent K and changing history. Josh Brolin stars as the stonefaced younger version of Jone's Agent K, and together he and Smith unravel the mystery and hopefully save both the past and present!



Action figure-wise, we've got the full **MIB3** line with *Basic Action Figures* (w/Small Accessories), *Basic Action Figures* (w/Large Accessories), *Basic Action Figures* (w/Deluxe Accessories), *Alien Invasion Action Figures*, and even a talking plush replica of fan-favorite alien mutt, *Frank The Pug*!

MIB 3 Basic Action Figures w/Large Accessory (JAN12 1774 / PI)

These are just the "tentpole" films, folks! This summer is shaping up to be one of the biggest ever for genre offerings, and we'll be kept busy with new films well into the fall and beyond! As always, it's something special to be able to see a character or story you've grown to love be realized outside of the printed pages… and it also doesn't hurt that we can get our hands on some neat toys and collectibles based on them, either! We'll see you at the movies (please no cell phones, texting or talking)!

Sony and Marvel reboot the story of mild-mannered high school student Peter Parker, in **THE AMAZING SPIDER-MAN** this July! Starring Brit actor Andrew Garfield as Peter Parker, and Rhys Ifans as Dr. Curt Conner (a.k.a. The Lizard), this film takes us into familiar territory with the story of Gwen Stacy, her police captain father, and the threat of the Lizard upon the city. It's sure to be one of the most buzz-worthy films of the summer, and worth seeing just for the long-awaited debut of the Lizard!

Diamond Select Toys has the official movie action figures of the all-new Spidey costume, as well as the monstrous Lizard action figure. They also unveiled some great statues and busts for the film, featuring the new look for the film.

Christopher Nolan completes his Batman trilogy not with a whimper, but with a bang that will be heard from coast to coast, and box office to box office! Eight years after Batman took the fall for Two Face's crimes, a new terrorist leader, Bane, overwhelms Gotham's finest, and the Dark Knight resurfaces to protect a city that branded him an enemy. **THE DARK KNIGHT RISES** could very well be Nolan's final note on the *Batman* legend (let's hope not!), but let's just say it: Never Say Never!

There's plenty of great products waiting in the wings for this third film from Nolan and company, including Wacky Wobblers and Pop! Vinyl Figures, and official statues and busts from DC Direct!

Dark Knight Rises Bane Bust (MAR12 0293 / $80.00) ▼ **Dark Knight Rises Catwoman Bust** (MAR12 0294 / $80.00)
